In areas where PPO is approved, if you qualify for your Annual Reward by seeing an Ameritas Dental Network Provider, we'll add a \$50 PPO bonus amount to your Annual Reward. Not available in MT and RI.	Boost your annual maximum benefit by submitting at least one dental claim each year and keeping your total benefits received for the year at or below the Threshold Amount . You will "earn" an Annual Reward that you carry over to increase your annual maximum benefit available the next year. Accumulate rewards up to the total Maximum Reward amount. If no dental claims are submitted during a year, no rewards are earned and accumulated rewards are lost. But you can begin building rewards again the next year.	
Vision Benefit	There is a \$100 benefit that you can use for exams, frames, lenses or contact lenses. It comes with a vision ID card that explains how to access discounts on eye exams and products. If you choose to use the vision benefit, it is deducted from the total annual maximum allowed for dental benefits. If you use the plan's entire annual maximum benefit for dental care, no vision benefit will be available that year.	

* When you visit an Ameritas Dental Network provider, Ameritas sends payment directly to the dentist. There is no balance billing, meaning you won't pay the difference between the dentist's contracted fee and what the plan allows, subject to contractual limitations. When you visit an out-of-network dentist, you must pay the difference between what the plan pays and the dentist's actual charge and may have to submit your own claim.

This Plan Details document is a highlight sheet only. Please review the Outline of Coverage along with the Application Form or send an email to sales@hpsameritas.com to request a sample policy. Your actual policy will be the full legal description of your benefits.

Certain plans and plan options may not be available in all areas.

The plan described in this document is marketed and insured by Ameritas Life Insurance Corp. and administered by HealthPlan Services.

Any such prosthetic crown, appliance, or fixed partial denture must include the replacement of the extracted tooth or teeth.

10. Covered Dental Expenses for charges which the Insured person is not liable or which would not have been made had no insurance been in force, except for those benefits paid under Medicaid.
11. Covered Dental Expenses for services that are not required for necessary care and treatment or are not within the generally accepted parameters of care.
12. Covered Dental Expenses because of war or any act of war, declared or not.
13. Alternative Procedures – Occasionally two or more procedures are considered adequate and appropriate treatment to correct a certain condition under generally accepted standards of dental care. In this case, the amount of the Covered Expense will be equal to the charge for the least expensive procedure. This provision is NOT intended to dictate a course of treatment. This provision is designed to determine the amount of the plan allowance for a submitted treatment when an adequate and appropriate alternative procedure is available. You may choose to apply the alternate benefit amount determined under this provision toward payment of the received treatment.
