

Ameritas Dental Network

What matters most to your customers

A large, nationwide dental network will help you sell more dental plans. But here's what will catch employers' attention.

Network providers in their area

Our representatives recruit new providers where our customers need them.

For a list of Ameritas Dental Network providers in your client's area, go to [ameritas.com](https://www.ameritas.com) - [Find a Health Provider](#).

It's easy to nominate dental providers to join the network, too.

True discounts

Employers, insured customers and their covered dependents count on the savings our providers offer. **Our network discount is 25-50% below the average charge in a ZIP Code area.**

Many network providers also offer discounted fees on non-covered dental services as allowed by state law.

98%

Our commitment to provider quality and satisfaction helps maintain a strong, stable network with about 98 percent of providers staying with us year after year.

Network plan options help customers save money

We offer a mix of traditional and innovative plan designs featuring our dental network:

- **Passive PPO:** a network plan option automatically included in areas with enough network providers
- **Passive PPO deductible reduction:** the plan deductible is reduced or eliminated when members visit a network provider
- **Two-tier:** members get financial incentives to visit network providers
- **Maximum Allowable Charge (MAC):** members who visit network dentists receive access to discounted fees and are guaranteed dental fees will be no greater than the MAC limits of the plan
- **PPO dual choice:** employers offer the choice of a network plan or a non-network plan — the network plan saves members money
